

Dear John:

STATINTL
STATINTL

I have just received a letter from [redacted]
factory giving a little information on the Dataphone equipment.

STATINTL

[redacted] has written [redacted] with
regard to shipping the equipment to Washington instead of
[redacted] A copy of this letter has been sent [redacted]

They will keep me informed of the situation and I will, of course,
pass any information received on to you.

STATINTL

I have not received a progress report [redacted] yet, but
hope to have something available soon. It would appear from
[redacted] letter that they are hoping to have the equipment
ready for shipping the middle of next month.

STATINTL

The equipment was to be sent [redacted] so it
would appear that [redacted] will not be able to save on
shipping costs.

STATINTL

The living costs for the engineers in Washington will be approxi-
mately the same as if they installed the equipment [redacted] The
air fare would be considerably more. The difference [redacted]
[redacted] per engineer.
